M'KINLEY!

He Is the Coming Man
for President.

So Says a Prominent
Pennsylvania

Republican—Neither Harrison
Nor Depew Are Considered

Available—The Silver Agitation May
Suddenly Develop Some
Unlooked for Man.

NEW YORK, Aug. 29.—[Special.]—The Commercial Advertiser will print the following: General Frank Reeder, chairman of the Pennsylvania Republican State Committee, reached town this afternoon and spoke to a Commercial Advertiser reporter about the splendid spirit of patriotism evinced by the Republican party in the present commercial troubles.

"Instead of making tremendous political capital out of the calamity incident to the Democratic victory," he said, "it has stood quietly by, lest if the truth were frankly spoken greater disasters yet would follow. This purchasing clause," said earnestly, "is a scapegoat, pure and simple. The facts are that Cleveland cannot control his 'wild horses,' and men of large affairs have no idea what will be the doings of the aggregation assembled at Washington. Men elected on the Chicago platform cannot consent to any kind of a protective tariff without confessing themselves liars and hypocrites. Especially manufacturers have nothing upon which to base their business opinions."

General Reeder was asked if he considered Harrison a presidential possibility.

"General Harrison is dead politically," he replied.

"And Depew?"

"Dead."

"Who are available for Republican nomination?"

"This silver agitation may suddenly develop some strong man unlooked for at present," he said. "If this does not happen we look to McKinley. In case the latter is defeated in Ohio, reelected only by a small margin, he, too, will be dead. If elected by an ordinary majority he will be available. If McKinley carries Ohio by a phenomenal majority he is absolutely certain to be nominated for the presidency."

"Has Quay aspirations toward the White House?"

"I do not think such a thing entered his head. He is a Republican and a loyal one. Last year he worked hard in his own state, and would have done all in his power to aid the national committee had he been requested. As a matter of fact, I know positively that he received no word of invitation to confer with 'the powers' until two weeks before the election. Then he went to New York and did what he could to stem the overwhelming torrent."

General Reeder, in conclusion, remarked:

"There is one thing I am glad to say. The business disaster and the pension slaughter is causing large accessions to the ranks of the Republican party, not merely in Pennsylvania, but throughout the country."

DETERMINED TO SUICIDE.

A Kansas Woman Makes Six Desperate Attempts.

ARCHBOLD, Kan., Aug. 29.—[Associated Press.]—Mrs. H. Bernard made a desperate but unsuccessful attempt to commit suicide by leaping into the Missouri river this afternoon just north of the river bridge. A party of railroad men were attracted by the shouts of a crowd of boys, who saw her jump into the stream, and succeeded in rescuing her.

This morning at 3 o'clock Mrs. Bernard set fire to the home of Mrs. E. Morgan, where she has been stopping. The house and all of its contents were destroyed and Mrs. Bernard had a narrow escape from being burned to death. Her insanity was brought on by the excessive use of morphine.

After being taken to the police station she made a second attempt to end her life with a knotted sheet. It is known that she made unsuccessful attempts on her own life three or four times before today.

Stabbed to Death.

OMAHA, Neb., Aug. 29.—Ernest Rissi, aged 21, a janitor, after a quarrel with his wife, aged 18, pursued her on the street with the threat that he would kill her. His father-in-law, Lorenzo Reynolds, interfered and both men used knives desperately. Rissi was stabbed three times, one thrust laying open the abdomen, and he cannot live.

Boomers Reported Drowned.

GUMRIE, Ok., Aug. 29.—All the streams in the Cherokee strip are very high owing to the heavy rains, and a number of the boomers have lost horses and wagons trying to ford them. It is

reported this morning that a family of sooners drove into the Salt fork and were drowned.

THE FINANCIAL STRINGENCY

Brings Activity in One Line of Business.

WASHINGTON, Aug. 29.—[Associated Press.]—One of the most remarkable results of the present condition of the money market is reported by the post-office department, and a search of the records of that branch of the government shows that the same expedient has been resorted to in various panics. The number and amount of money orders issued by the department during the past few months has been largely in excess of that for any equal period for many years, and is explained on the hypothesis, which has been proved to be correct in the past that the orders are purchased without any intention of transmitting the money but merely for the purpose of making the government the custodian of the funds during the period of the stringency. Since the establishment of the money order system over eight million dollars which had been set aside by the various local post-offices for the payment of orders has been turned into the treasury on account of the non-presentation of the orders, death of the holders and other causes. The greater part of this sum is thought to represent funds invested in postal orders to insure safe-keeping during previous panicky periods.

WANTING TIME.

Silver Men Object to Immediate Action.

WASHINGTON, Aug. 29.—[Associated Press.]—In the senate today Teller objected to immediate consideration of the repeal bill and went over until tomorrow. Gordon addressed the senate on the unconditional repeal of the Sherman act. In the house Catchings called up the report of the committee on rules which the house proceeded to debate. Senate committee on finance decided to report back the Wilson repeal bill with the recommendation of the Voorhees bill which was reported to the senate as a substitute this afternoon.

FAITHFUL DAN.

Holds a Conference with Anti-Snappers.

A Supposition That He is Laying Dynamite in Senator Hill's Path.

NEW YORK, Aug. 29.—[Special.]—Colonel Dan Lamont, secretary of war, who arrived at the Victoria hotel last evening, was up before 8 o'clock this morning and left the hotel. He was not accompanied by any one. Shortly before noon he met some army officers at the United States Army Building on Whitehall street and had a long talk with them in regard to army matters. In the afternoon he called at the office of several prominent Democrats who are known by the appellation of Anti-Snappers.

MAPMAN CREATES A PANIC.

Alfred Cole, of East Stoneham, Me., Afflicted with Rabies.

PORTLAND, Aug. 29.—[Associated Press.]—Neighbors have not the slightest doubt that Alfred Cole, of East Stoneham, is afflicted with rabies.

Yesterday Cole created a panic in the village. He was down in a swamp on his farm cutting underbrush when he complained of being sick. Some neighbors carried him to a house near by.

Mrs. Merrill was bathing Mr. Cole's head when the patient uttered a frightful snarl and suddenly seized the woman. He bit her in the arm, making a painful wound which had to be cauterized.

Mr. Small, who witnessed the affair, clutched the madman and choked him until Mrs. Merrill's arm was released from Cole's teeth.

Cole struggled fearfully, and, throwing off his coat and vest, ran through the streets of the village shouting and crying at the top of his voice.

He ran into the residence of Mr. Ricker, and, seizing Miss Alma Ricker, the handsome daughter of the owner, bit her on the neck and on the arms, making three bad wounds. Assistance arrived or else he would have killed her.

He barked and snarled like a mad dog.

Miss Emma Ricker, a sister of Alma, fought the madman with all her might and kept him at bay until some of the men in the neighborhood arrived.

Cole was then secured, and today was taken to the asylum at Augusta.

Miss Alma Ricker is severely ill.

SLAYERS OF ABIE OLIVER.

Their Trial Begun at Morganfield, Kentucky.

LOUISVILLE, Ky., Aug. 29.—[Associated Press.]—The special term of the court to try the murderers of Abie Oliver convened at Morganfield today. A special venire of 100 men from adjoining counties was on hand to be drawn as jurors. The panel has not yet been completed. George Delaney, brother of the unwilling groom, will be the first one tried. It will be remembered that Henry Delaney was forced to marry the Oliver girl and on the way home from the wedding she was shot by several of a crowd of Delaney's friends, dying soon afterward. Taylor Oliver, father of the murdered girl, will make an effort to swear Judge Givens off the bench on the ground that he has talked too much about the case.

STORM SWEEPED.

The Atlantic Coast Line
Ravaged

By a Storm of Cyclonic
Character.

So Far Only Meager Reports
Have Been Received.

The Disturbance Had Its Origin in
the West Indies and Swept
Northward.

SAVANNAH, Ga., Aug. 29.—[Associated Press.]—A severe cyclone swept over Georgia, North and South Carolina and Florida yesterday. In this city forty people were killed, many houses wrecked and immense damage done to property. From all along the south Atlantic coast reports of damage and loss of life are coming in. Telegraph wires are down and only meager information is obtainable.

Other Reports.

AUGUSTA, Ga., Aug. 29.—[Associated Press.]—Sunday night's storm did considerable injury to the farming interests of the southwest. There is no communication with Charleston, Savannah or Jacksonville since Sunday afternoon. The wires here are broken by fallen trees and the damage to crops cannot be estimated for some days.

It Reaches the North.

NEW YORK, Aug. 29.—A storm swept over the city and surrounding country last night from midnight till 8 o'clock this morning. Like the one a few days ago, it originated in the West Indies, but instead of following the coast it swept inland and reached out in every direction for a distance of more than 1,500 miles. As almost all telegraphic communication is broken the signal service is unable to give a complete report of its course or the exact direction, but local observations indicate that it probably made its way to the sea through the St. Lawrence valley. The tides in the bay here are unusually high, owing to southerly wind and angry waves. Vessels have found difficulty in making headway against them.

THE NAME NO SAFEGUARD.

Serious Stabbing Affray Sunday in Harmony, Me.

HARMONY, Me., Aug. 29.—[Associated Press.]—A stabbing affray took place in this town Sunday morning at an early hour. It is understood that the affray started at a party Saturday evening over a young lady present. It is said that the victim of the knife, Warren Spaulding of this town, was jealous of the attentions of one Israel Leavitt of Athens, to the young lady in question. A quarrel ensued and then Spaulding, in company with his brother Benjamin, started for home. They were just turning at the home of Benjamin, as they say, when Leavitt came up behind them, sprang upon Warren and cut a gash six inches long in his scalp. He slashed across Spaulding's wrist, then drove the knife into his breast and made off.

The doctor who dressed the wounds said he did not know whether Spaulding would recover or not.

CHINA WILL RETALIATE.

Consul Bowman's Letter for
the President.

Unless the Geary Law is Repealed
Americans will Be Expelled
From China.

CLEVELAND, O., Aug. 29.—[Associated Press.]—A gentleman in this city has just received from a friend in Tien-Tsin, a letter stating that United States Consul William Bowman, who left that city a short time ago for the United States, carried with him a message from Viceroy Li Hung Chang to President Cleveland worded as follows:

"Report of an interview between the Viceroy Li Hung Chang and United States Consul Bowman, held June 29, 1893.

"The Viceroy Li Hung Chang requested Consul Bowman, on his return to the United States, to call upon President Cleveland and state to him:

"First—That Viceroy Li appreciates the good intentions of the president and secretary of state, and thanks them for their efforts to secure kind and just treatment for the Chinese residing in the United States.

"Second—That Viceroy Li feels keenly the unfriendly nature and injustice of the Geary law.

"Third—That China will take no action thereon until the next session of the United States congress, in the hope that the Geary law will be modified or repealed.

"Fourth—That if the next congress decides to enforce the law, China will at once retaliate; friendly relations between the two countries will be broken off, and laws will be enacted looking toward the expulsion of all Americans from China.

"Fifth—That meantime instructions have been issued to all Chinese officials to take especial care to protect all

American citizens living in China from violence."

WHERE IS SHE?

A 400-Yard Victim Mysteriously Absent.

The territorial authorities are vexing themselves with the inquiry, "Where is Alice Deschamps?" Alice Deschamps is the latest victim of the 400-yard law who was given until yesterday morning to file an appeal bond. She did not appear at the appointed time and when Constable Briggs undertook to expedite her movement in the direction of the justice office he was unable to find her. She was gone also her dogs and her lover. She did not leave by rail, of that he's certain but her home within the sacred circle is desolate and abandoned. The supposition is that she is quietly and unostentatiously awaiting an opportunity to leave town and an impending \$100 fine.

Cora Wilson, a French girl, notwithstanding an English name, was brought before the justice yesterday and entered into a stipulation to pay the costs in the case and move out of the circle on or before tomorrow night.
